About Us
 Since 1998 we have been shifting the image of baby and kids clothes from cute to cult with our collection of edgy children's fashions designed for cool, urban living. Inspired by popular culture iconography, punk rock and a splash of kitsch we hope to inspire young families everywhere. Our first big boost came when our 'Baby Punk' items were featured at the Vivienne Westwood exhibition at the V & A Museum in 2004. We were then awarded Gift of the Year in 2006 for our cool kid's pyjama range. Since then we have grown our customer base in the UK, Scandinavia, Germany, the USA and Japan. We are now sold in more than 200 boutiques worldwide, including Fenwick, Paul Smith, Harrods and Madame Tussauds. Our flagship store and showroom are situated in South East London.

Ethics
 We are in the process of moving all our manufacturing to London. Garments not made in London are currently made in India. All the factories we use are working towards or comply with the Ethical Trading Initiative (ETI) code of practice.

Quality
 Our complete collection is designed and hand printed in our own workshop in South London. The garments are all hand-printed with durable vinyl and flock designs.

Environment
 We strive to run our business in a way that will minimise environmental impact. We recycle paper, cardboard, metal and plastics. We use low energy lighting and switch off all the lights when they are not in use. All the electricity used by the business comes from renewable resources.
